Cookies policy

Bettertokens.org (the Website) uses cookies to distinguish you from other users of the website. This helps to provide you with a good experience when you browse the website and also allows to improve the site. By continuing to browse the site, you are agreeing to the use of cookies.

A cookie is a small file of letters and numbers that are stored on your browser or the hard drive of your computer if you agree. Cookies contain information that is transferred to your computer's hard drive.

The following cookies are used by Bettertokens.org:

1. Strictly necessary cookies. These are cookies that are required for the operation of the website. They include, for example, cookies that enable you to log into secure areas of the website.

2. Analytical/performance cookies. They allow to recognise and count the number of visitors and to see how visitors move around the website when they are using it. This helps to improve the way the Website works, for example, by ensuring that users are finding what they are looking for easily.

3. Functionality cookies. These are used to recognise you when you return to the Website. This enables to personalise content for users, greet you by name and remember your preferences (for example, your choice of language or region).

4. Targeting cookies. These cookies record your visit to the Website, the pages you have visited and the links you have followed. This information will be used to make the Website and the advertising displayed on it more relevant to your interests.

You block cookies by activating the setting on your browser that allows you to refuse the setting of all or some cookies. However, if you use your browser settings to block all cookies (including essential cookies) you may not be able to access all or parts of the Website.

Except for essential cookies, all cookies will expire after three years.
